

Dear ACS friends

One announcement about one of our ACS members receiving a grant and asking for recommendations and a couple of conferences

ACS member **Tammy Gaber** has recently been awarded a Canadian Government Social Sciences and Humanities Research Council (SSHRC) Insight Development Grant for her study '*Beyond the Divide: A Century of Canadian Mosque Design and Gender Allocations*'. Some of the ideas of the study were presented at ACS 6 and in the coming years she will expand to research and document mosques from across the country, including a recent visit to the most northern mosque in the country (and the continent) in Inuvik, NWT.

If you have any recommendations for particular mosques to visit in Canada and/or if you have connections at any mosques please email Tammy directly at tgaber@laurentian.ca
